

Integrated Trading and Contracting Company

www.powerarctrading.com

ABOUT US

Power ARC is a UAE-based multi-division enterprise delivering integrated solutions across general trading, contracting and specialized services.

With a strong foundation built on quality, reliability, and long-term partnerships, Power ARC serves a wide spectrum of industries including construction, infrastructure, industrial operations, commercial facilities, and institutional sectors.

We combine global sourcing capabilities, technical expertise, and local market knowledge to deliver efficient, scalable, and future-ready solutions tailored to evolving business needs.

OUR VISION

To become a trusted regional leader in integrated trading and technology solutions, recognized for innovation, reliability, and excellence in service delivery.

OUR MISSION

To provide high-quality products and end-to-end solutions that empower businesses, enhance operational efficiency, and support sustainable growth.

POWER ARC TRADING & CONTRACTING FZC

General Hardware & Industrial Trading

Power ARC Trading specializes in the supply and distribution of a comprehensive range of industrial, electrical, and mechanical products supporting construction, maintenance, and operational requirements.

Key Offerings:

- Industrial tools and hardware solutions
- Electrical components and control systems
- Electromechanical equipment and accessories
- Engines and machinery spare parts
- Building materials and industrial supplies
- Power cables, instrumentation cables & connectivity solutions
- Audio-visual systems and digital display solutions
- RFID, barcode, and identification systems
- LED lighting, CCTV, fire safety systems, and security solutions

We partner with globally recognized brands to ensure consistent quality, durability, and performance across all products.

FACILITY SOLUTIONS

Power ARC delivers complete supply, installation, testing, and maintenance (AMC) services for critical infrastructure systems.

Core Services:

- CCTV & surveillance systems (SIRA compliant)
- Fire alarm & detection systems (SIRA compliant)
- Solar energy systems and EV solutions
- Swimming pool systems (lighting & pump rooms)
- Earthing & lightning protection systems
- Water filtration and RO systems

Our contracting division ensures compliance, safety, and operational efficiency, supporting both short-term projects and long-term facility management.

EARTHING & LIGHTNING PROTECTION

We deliver complete grounding and lightning protection solutions designed to safeguard infrastructure, equipment, and personnel.

Includes:

- Earth rods, air terminals, and conductors
- Surge protection systems
- Earthing accessories and components
- Cable connectivity and routing solutions

All systems are designed in compliance with international standards and sourced from trusted global brands.

WATER TREATMENT & RO SYSTEMS

Power ARC provides high-performance water purification solutions for residential, commercial, and industrial applications.

Applications Include:

- Hospitals and medical facilities
- Industrial and manufacturing units
- Commercial buildings and hospitality sectors

Our RO membrane solutions ensure high efficiency, reliability, and long service life, supporting critical applications such as dialysis, sterilization, and laboratory use.
